Hey Kathy,
I didn't realize that we need to add in additional info to the reg agenda for those items going into the fall reg plan as well. Can you please add to the assumption one? See email chain below. I'm also attaching the 401 entry so you can see an example. Just talked to Mike about this. Need it today – super sorry!

Here's the CWA 404 (g) and WOTUS Step 2. I'm assuming that WOTUS Step 1 will publish in Aug/Sept.

Reg Plan FY20 individual entries need responses to Reg Plan questions:

- Statement of Need
- Summary of Legal Basis
- Alternatives
- Anticipated Costs and Benefits
- Risks

For rules not published, we can state something like the following:

Alternatives: Alternatives will be discussed in the proposed rule.

Anticipated Costs and Benefits: Anticipated costs and benefits will be discussed (or something) in the proposed rule.

Thanks,
Sandy

Attached are the Reg Plan & Agenda FY20 documents that I've given Anna to review and discuss with Dave tomorrow. I'm still missing the Reg Plan information for the following actions:

- Lead & Copper,
- Perchlorate,
- WOTUS,
- Peak Flow, and
- CWA 404(g) Assumption.

I've attached two entries that have the reg plan information included (CWA 401 Cert and Steam Electric ELGs) if you need an example. I need these asap for Anna and possibly Dave to review. I will be sending each office the Reg Plan entries that need the Reg Plan information shortly.

Thanks,
Sandy

Attached for your review are the following Draft Fall FY20 Reg Plan and Agenda materials:

- Fall Reg Agenda Summary List in Red-line and Clean versions
- Fall Reg Plan Priorities Description

One additional set of documents that will be coming before 12:00 noon are the Reg Plan FY20 individual entries with responses to Reg Plan questions:

Statement of Need

Summary of Legal Basis

Alternatives

Anticipated Costs and Benefits

Risks

I've given Crystal hard copies of the documents above and will provide the Reg Plan Responses separately.
